

GRANT WRITER

Meet Your OYF Board Member: Ashton Capen

BIOGRAPHY

Ashton is honored to serve the Ocean Youth Foundation as a grant writer. She earned her degree in English Literature through Stetson University's Honors Program and has spent seven years teaching and tutoring English.

Since moving to Indian River County in 2020, she has dedicated her skills to supporting arts and educational nonprofits.

OYF's mission holds a special place in Ashton's heart. Her parents nurtured her love for music through early childhood programs and supported her journey with piano and voice lessons from elementary school through college.

She has studied classical piano since the age of six and trained in voice throughout high school and college. Now, as a mother, she hopes to pass on her passion for music to her two sons and enjoys participating in the Kindermusik program with Ms. Nicole.
